**Assemblymember Betsy Butler Wins Endorsement
from the women and men who will "Build a Greener California"**

Assemblymember Betsy Butler has been endorsed by the Los Angeles/Orange County Building and Construction Trades Council, representing more than 100,000 union workers who build our roads, hospitals, and schools that keep our communities strong.

"Betsy Butler stands up for the women and men who build our schools, our freeways, and our clean energy power facilities. When there is a debate in the Capitol about what's right for working people, we never have to wonder what side Betsy will take. In a world where elected officials do not always keep their commitments to working families, Betsy works to give them a voice at the table," said Robbie Hunter, Executive-Secretary, LA/OC Building Trades Council.

Betsy added, "So often people fail to find common ground. By winning the endorsements of both the Sierra Club and the Building Trades, I am demonstrating that we can find common ground and put people to work building a greener California."

Assemblymember Butler was elected to the California State Assembly in 2010 and is seeking re-election in the 50th Assembly District. Butler's work has focused on fighting for consumers, advocating for working families and protecting the environment. In the State Assembly, she serves on the Assembly Budget Committee, the Budget Sub-Committee on Resources and Transportation, the Committees on Business and Professions; Education; Arts, Entertainment, Sports, Tourism and Internet Media; and Rules.
