**Women's Political Committee Endorses
Assemblymember Betsy Butler for Re-election**

The Women's Political Committee (WPC) today announced their endorsement of Assemblymember Betsy Butler's re-election to the California State Assembly.

The WPC exists to support progressive women candidates, mainly in California, for elected office at all levels of government. They endorse candidates who are strong supporters of the empowerment of women and equality.

Betsy Butler has shown a strong commitment to those values while in the State Assembly. Recently, Assemblymember Butler authored legislation to ban the use of the toxic chemical Bisphenol-A (BPA) from baby bottles and sippy cups, which was signed into law by the Governor.

"I am honored to receive the Women's Political Committee endorsement," said Assemblymember Butler. "The WPC has a longstanding history of supporting women candidates who promote equality in our society."

Assemblymember Betsy Butler was elected to the California State Assembly in 2010 and is seeking re-election in the 50th Assembly District. Butler's work has focused on fighting for consumers, advocating for working families and protecting the environment. In the State Assembly, she serves on the Assembly Budget Committee, the Budget Sub-Committee on Resources and Transportation, the Committees on Business and Professions; Education; Arts, Entertainment, Sports, Tourism and Internet Media; and Rules.
