

## Los Angeles County Lifeguards Association endorses Betsy Butler

FOR IMMEDIATE RELEASE  
May 24, 2010

Contact: Parke Skelton  
(626) 535-9616

In a district running along the coast from Torrance to Venice, it would be hard to imagine a better endorsement than the L.A. County Lifeguards Association. And they're with Betsy Butler.

*"The Los Angeles County Lifeguard Association supports Betsy Butler because she worked with the Environmental Defense Fund and the California League of Conservation Voters to get toxics and polluted storm drain runoff out of our ocean. Betsy Butler fights for a safer, healthier community for all of us."*

*Matthew Lutton, Vice-President  
LA County Lifeguards Association*

The L.A. County Lifeguards Association joins a wide range of public safety organizations supporting Betsy Butler, including the Los Angeles County Firefighters Association, Peace Officers Research Association of California, Torrance Police Officers Association and Torrance Firefighters Association.
